SEPTEMBER 2013 UPDATE

As the Creating Sustainable Places initiative grant winds down over the next three months, a number of deliverables and activities will wrap up current projects and set the stage for the region to continue this work in 2014 and beyond. Below is a brief summary of these deliverables, activities and workshops.

Activity Timetable

- **Corridor Plans**: All plans will be completed and posted to corridor websites by Oct. 15, 2013.
- **Planning Sustainable Places**: All CSP-funded projects will be completed by Nov. 30, 2013. The remainder of the demonstration projects will be completed in early 2014.
- **Tools**: The complete package of CSP tools will be ready for deployment by Dec. 31. This includes:
  - Envision Tomorrow — Software to conduct pro forma analysis of local and area plans.
  - Visualization — A library of images and assistance in creating project visualizations.
  - Natural Resource Inventory — An updated inventory of environmentally valuable locations in the region.
  - Sustainable Code Framework — A menu of code strategies to facilitate sustainable development.
  - Health Impact Assessment — A tool to assess the health impact of development features.
- **Indicators**: A new website for tracking of sustainability indicators will launch by Dec. 31.
- **Housing Plan**: A new Fair Housing and Equity Assessment and regional strategy for enhancing affordable housing development capacity will be published by the end of the year.
- **Social Equity**: Development of a regional Equity Network was discussed at a Sept. 14 workshop.
- **Development Capacity**: A Capital Absorption Workshop was held on Sept. 25; a 3CDC presentation is scheduled for Nov. 19.
- **Regional Plan for Sustainable Development (RPSD) V2.0**: An updated plan will be published by the end of the year.
- **New Leadership Structure**: MARC and the CSP partners will outline a new leadership structure for keeping the region’s sustainable development efforts moving forward by the end of 2013.
